Sir,

BUILDINGS: Residential - South Kanara District.Collector's Bungalow- Mangalore- Providing three phase electric-supply to pumpset- Report-

****

I enclose a copy of the estimate received from the Executive Engineer P.W.D. South Kanara Division Mangalore for providing three phase electric supply connection to the pump set in the Collector's Bungalow at Mangalore by the P.W.Department for perusal and return. The work is quite essential as a motor pump is being fitted to the well for pumping water. At present, much inconvenience is being felt to get water, as the well is very deep. The Executive Engineer has also explained the necessity for the execution of the work in his report accompanying the estimate. The overhead tank has been constructed. The pipes required have already been laid and it is learnt that the electric pump also has been received. Actual fitting up of the pump and the completion of the other work is held up for want of the three phase supply. I therefore request you to obtain the administrative approval of Government for the execution of the work.

P.W.D(C)

Yours faithfully

For Collector.

Copy to the Executive Engineer P.W.D. Mangalore.

P.T.O. (P)

It is reported that the existing electric supply to the Collector's bungalow is by single phase connection but that three phase supply connection is required for the pumpset and motor set which is being installed for water supply arrangement. The Collector has stated that the overhead tank has been constructed, that the pipes required have been laid, that the electric pump also has been received and that the actual fitting up of the pump and the completion of the work is held up for want of the three phase supply.

It is presumed that the Government have already sanctioned the fitting of an electric pump in the well. Revenue may be requested to put up the relevant G.O. for reference and to state whether the rent for the installation in this case is separately recoverable in addition to the standard rent of the bungalow.

As regards the enquiry as to whether the rent for the installation is separately recoverable, it is submitted that the

it has been ordered that suitable rent based on the capital cost of the installation, should be recovered from the occupant in addition to the usual rent for the residence payable under the rules, ie in addition to the Standard rent of the residence or 10% of pay of the occupant, whichever is less - vide orders issued in GoMS 1214 PW d. 28.3.50.

With these remarks the file may be returned to ~~Revenue Dept.~~ Finance.

Finance (Exp.C)Department.

(Previous Finance Note on pp. 1-2 above)

The further notes on pp. 2-3 above may be perused. Sanction for the installation of an electric pump to the well in the Collector's quarters at Mangalore at an estimated cost of Rs. 3,500/- was accorded in G.O.No.1214 P.W., dated 28-3-1950 wherein it was ordered that suitable rent based on the capital cost of the installation should be recovered from the occupant, over and above the rent payable for the residence under the rules. Finance may agree to the present proposal for providing three phase electric supply connection to the pump-set at an estimated cost of Rs. 2,000/- being sanctioned subject to the condition mentioned at 'A' above. Minister for Finance may see.
